GOVERNMENT HOUSE.
Madras,
25th October 1927.

Dear Mr. Sitaramayya,

During his recent visit to Mangalore His Excellency was told that the Mangalore Ladies Club aimed at having a library for the Club,-to use their own words "a library, to help us both in our efforts to acquire knowledge and to take a worthy part in social service, which will be the best in this district". The Ladies Club is very anxious to get a grant from Government for this object. I am to ask whether anything can be done in the matter.

Yours sincerely,

M.R.Ry.P.Sitaramayya Garu,
Secretary to Government,
Law (Education) Department,
Fort St.George.

Law and Education Deptt.

A provision of Rs.10,000 has been made in the current year's budget for grants to public libraries. In G.O. No. 728 Law and Education, dated 29th April 1927, the Director has been asked to submit proposals for the distribution of the amount. The Director's recommendations have not yet been received. He may be consulted u.o. as to whether it will not be possible to make a suitable grant from this amount to the Ladies Club referred to above. The Director may be requested to treat this reference as very urgent.

W.O. reply no. 1196-B/27 & 30.10.27

Proposals for the distribution of the allotment of Rs 10000 will reach Govt. shortly. I do not consider that any portion of this amount should be used for grant to the Ladies Club, which obviously could not satisfy G.O. 689 dt. 23.4.26.

(L) The Club is a purely private concern, the members are not unable to provide books themselves, a grant from provincial funds would form an inconvenient expensive precedent.
